

Help and Tips for Using Wood in Your Designs

Issue 3

HOW TO CHOOSE THE RIGHT WOOD FOR YOUR EXTERIOR APPLICATIONS

Choosing the right timber for external applications is critical to ensure a beautiful design is realised and has longevity - we offer some tips and a handy, downloadable, wood durability league table...[read more](#)

CLEAR FINISHES: THE RIGHT CHOICE FOR YOUR BUILDING?

Using timber externally and applying clear coatings, or even leaving the timber unfinished and allowing it to weather, can provide an authentic natural effect but there are a few things to consider before specifying this...[learn more](#)

SAVING YOU DRAWING TIME - HOW?

We've added lots more products this month - ready for you to download and use in your designs.

They are all available to buy in the timber of your choice. Plus feel free to download ([using our exclusive tool for architects and designers](#)) safe in the knowledge that we can produce the goods once the project is on site.

Click on the codes to take a closer look;

- Useful new beading profiles for that attention to detail - [BD35, BD46 and BD37](#)
- Attractive cladding profiles to uplift any façade - [CL11, CL12, CL13, CL14](#)
- Great new decking profiles and more to follow soon - [DK01, DK02, DK03](#)
- Window and door sections added - [click here](#)
- Roof rafter sections - ideal for conservatories - [RR01, RR02](#)
- A new simple, but affective, attractive chamfered skirting - [SB22](#)
- More additions to our ever growing tongue and groove section - [TG09, TG10](#)
